Upcoming Events—July 2007

Motorsports activities for the month of August.

JRDC Independence Race meet - August 6 at Dover Raceway

Sprint #4 Unda di Lights August 11 @ Jam World Entertainment Complex Portmore, St. Catherine.

Red Bull Soapbox Race - August 12 will be held in Discovery Bay, St. Ann.

Raynor King Memorial Rally - August 19. Frome, Westmoreland

Election day is coming!

If your Navigator tell u L1 when it should be R1..... not changing no course!!

If you don't like the track layout and think it's too challenging.not changing no course!

VOTE - exercise your democratic right!! But be safe!

JMMC OASIS Sprint#4 - Unda di lights!!

Maybe we will see this car there.....

.....and we won't see any tipping over the "watersplash"

The eagerly anticipated Jamaica Millennium Motoring Club's Sprint #4 will be on Saturday, August 11, 2007 at the Jam World Entertainment Complex in Portmore, St. Catherine. This event is slated to be a day/night event which gets underway at 4:00 in the afternoon.

This first sprint to run under lights in Jamaica, promises to be a very exciting event. The course is a 1.3 mile circuit consisting of a mixed surface - Chip and Spray Gravel, Compacted Marl, Dirt, and Sand - and is for the most part flat except for a "Watersplash" and a *yump!*

Competitors will be using JMMC Oasis Sprint #4 as a shakedown for the Raynor King Memorial Rally the following week.

Sponsors are: Jamaica Beverages with their Oasis Purified Drinking Water brand; Automotive Art, Minute Press, Tankweld Equipment, Kir-Dex Transportation Services and KFC.

URGENT NOTICE TO ALL CLUB MEMBERS

Please be advised that Vernamfield is now a Military Base (Militarized Zone) occupied by the Jamaica Defence Force.

As a result the use of the Vernamfield Airfield, as a venue for motorsports events **MUST** cease with immediate effect.

This property is now a restricted area.

JAMSPEED ADRENALINE RUSH DRIVER SHOOTOUT

Do you have what it takes to be the next top driver?

Jamspeed Adrenaline Rush reality TV series is set to start airing on CVM TV on Tuesday September 4, 2007 at 9p.m. The TV series is the brainchild Chris 'Teach' McFarlane.

The TV Series follows 40 Rookies as they vie for a seat with Jamspeed Racing. Following the usual Reality TV profile, the Potential Driver group goes through a series of vehicle related challenges, testing each person's skill level before the elimination rounds end the hopes of some, while furthering the chances of others to secure a seat with this multi-championship winning team.

Jamspeed Adrenalin Rush is powered by **Cable and Wireless ONLINE.**

Making the jump on the Raynor King Memorial Rally Stages

Election is coming! (Pt2)

When your navigator say 3000 FLAT! Remember to listen out for the next call because.....a change is coming baby!

With new organizers and young blood in the sport you expect that..... a change is coming now!!

VOTING is not a Privilege it is your Right.

2 participants of the JARTV series

RED BULL SOAP BOX RACE COMES TO JAMAICA

Red Bull—Energy Drink
The race is not for the Swift

FASTFOOD
Winner of Soap Box Race St. Louis

The only race where fast is good, outrageous is even better.

Grab your toolbox and clear out the garage - Red Bull Soapbox Race is coming to Jamaica making pit stop in Discovery Bay on August 12th, 2007. Red Bull Soapbox Race challenges everyone from amateurs to engineers to craft outrageous human-powered carts to race against the clock in a downhill sprint to the finish line.

Don't be fooled, this is not your average boy scout derby – not when cheese puffs, super heroes, and rodeo clowns are flying down the track! Forty teams of four members each are judged on three things: speed, creativity, and showmanship.

Entries are now closed but be sure to go out on the day and enjoy the spectacle. It promises to be quite a show!!

RACERS PROFILING

Name: **Richard “Sir Rich” Rerrie**
 Birth Date: September 7, 1968
 Co-driver: David “Neil” Baugh
 Rally Car: 2002 Subaru Impreza WRX
 Sponsors: Leroy’s Auto Glass, K.I.G, Puma (Western Sports), Rory’s Texaco, Knot Guilty, B&B Auto Parts,
 Past Race Cars: 1985 Honda Jazz, 1985 Starlet, 1989 Mazda 323 GTX, 1991 Mazda 323 GTX, 1988 Vauxhall Astra (Daewoo Eraser), 1991 Mitsubishi Galant (Tank), 1993 Mitsubishi Colt (Project Magnum), 2000 Subaru Impreza Sti.(Thunderstorm)

Richard “Sir Rich” Rerrie

Richie started competing in 1989 supervised by his Uncles Raynor, Bram and Stratty King. They were competing at the time and were introduced to racing by Lennie Rerrie (Richard’s Father) in the 1970’s.

He initially competed in Dexterities and Sprints, he says it’s the best way to learn car control and before taking on the Rallies. His first Rally was the 1991 Mazda Esso International Stages Rally in the 1989 Mazda 323 GTX (Uncle Raynor’s old car) codriven by cousin Rory King and sponsored by Executive Motors (Desmond Panton) . After changing a couple co-drivers, It was “Neil” who decided that he would remain as Richie’s co-driver. They have been a Team since 1996 and are always top contenders.

Current race car: 2002 Subaru Impreza WRX at Ironshore Sprint at the hairpin

“Sir Rich” has gotten accustomed to his present ride and is getting faster with each event. He never disappoints the fans and spectators with his demonstration of spectacular driving.

Having fun on the dirt stages in Rally Jamaica 2006.

Rally Jamaica 2006 New Kingston Stage

Driver: **Salvador Solis**
 Co-Driver: Nigel Lyn
 Car: 1995 Mitsubishi Evolution
 Class: JN8
 Sponsors: Intec Research, Worldtron, Tyre Warehouse

Sal first became activity involved in entering motorsports event on the Dexterity tests. He later moved on to circuit racing with the introduction of the IP45 class at Dover.

Maiden voyage
 Sal and co-driver Nigel Lyn on their first rally ever RJ06

Having had major success at Dover raceway in the IP45 class, Salvador decided it was time to step up the big game, hence he acquired the ex-Summerbell "Ultron" Evolution, with its pedigree and share of problems. It has been a challenge however to get the car running properly, but a welcome challenge nonetheless.

Sal and Nya were convinced to run Rally Jamaica 06 and did so in style and fashion, after all for a first time entrant, to manage a clean finish....that in itself is an achievement!!

JRDC Independence Race Meet

If motor racing, beautiful women and high octane excitement is what gets you going, then get to the track early, as a few thousand others like yourself will be present to witness some long anticipated and enduring showdowns of man and machine on the Caribbean's most challenging racing circuit.

If you are able to pay some attention to things other than food and fun, look at the track as the battle between "Bull" Thompson's turbo-charged Mazda RX7, a car that has held the lap record at Dover in naturally aspirated form and the radically improved Mitsubishi Lancer Evolutions of Team Mobay Racing's Douglas (Evo 8) and Matthew (Evo 7) Gore, Guy Fraser (who dominated the June meet winning 4 of 5 races entered and finishing second in the other in his Evo 6), Gary "Shorty" Williams, faster now than ever before (Evo 2), as well as the red Evolution 6 1/2 of "King" David Summerbell Jr. with a brand new engine built by Stephen Gunter, along with new 17 " tires take center stage.

Tarik Minott who campaigns the Miphone Toyota Starlet is expecting great results at the meet. Team Xpress Racing's Rohan Clarke (defending IP39 champion) should be joined by local Trelawny and St. Ann residents Duane Rowe and Eric Edwards, both with Toyota power, to challenge female champion Lisa Bowman-Lee, Peter Jaggon and Teyron Ramdon.

The entry level IP45 class will be overseen by Andrew Jackson this time around.

The action is brought to you by Cable & Wireless Online High Speed, Pimpjuice, Exmil Security Services Ltd., Tyre Warehouse, Guardian Fencing and Power 106, and starts at 8.30 am with open practice, with the first race set to make its rolling start at 12.10pm. A total of 8 races will be run on the day

Rohan Clarke of Team Express

Tarik Minott in the Miphone Toyota Starlet

One of the "high" points of the Raynor King Memorial Rally Stages

RAYNOR KING MEMORIAL RALLY

- Sun - check!
- Lush green cane fields - check!
- Little boys fishing in a cool, clear stream - check!
- High humidity - check!
- Thirst - check!

Shivers running up and down your spine as an anti-lag popping, turbo-charged rally car comes sliding into view trailing huge, white dust clouds- double and triple check!

That's what can be expected on August 19 as the Montego Bay Motoring Club stages the 2007 renewal of the Raynor King Memorial Stages Rally, the third in the five events Jamaican National Rally Championship series, in Frome, Westmoreland, in the cane fields of the Jamaica Sugar Company on Georges Plain, Westmoreland.

Sponsors of the event are: Lloyd's of Montego Bay, Pimp Juice, Easi Spice, Gray's Pepper Products, Savanna-la-mar Auto, Sambull Wrecking Service, Linkz96FM, JLC Distributors, BGee's Auto Imports, Tropical Battery, KFC, Pelican Restaurant

TEAM XPRESS LAUNCHES NEW HONDA

2008 Driver championship!! Here comes the "Tarmac Terrorist"!!

Team Xpress members Rajendra Jadusingh and David Anderson unveiled their new machine a 1996 Honda Civic at the Hilton Poolside on Thursday July 26.

The new steed will be unleashed at the JMMC Oasis Sprint #4 to be held at Jam World Complex on August 11.

David Anderson and Raj Jadusingh at the Press Launch for their new ride a 1996 Honda Civic

Unveiling the "new terror" for the local motorsports scene

Inside the belly of the beast...

Showing off the new ride...

HISTORY OF TEAM XPRESS RACING

It was the year 2004 and within the confines of a popular eatery nestled in the heart of New Kingston (more popularly known as Wendy's) three avid motor sports fans met (that was Raj, Dion & Rosie); They planned, plotted, expressed dreams, visions, and made commitments. After a period of about four hours the atmosphere was filled with the expectations of the three and subsequently Team Xpress Racing was born.

They started out with 2 race cars and now they have 6: Dion(1), Raj (2), Johnny (1), David (1), Andy(1)

Over the three years the team have received many trophies:-
 Rajendra "Tarmac Terrorist" Jadusingh 92; David "Stinger" Anderson 25; Dion "Baby Bomb" Gardner 30; Rohan "Johnny" Clarke 30; Andy Williams 17 ; Julian "Vester" Gordon 10 ; and Alejo Lee 1.

The team has also received 2 Certificates of Appreciation from the JMMC for our support in promoting motor sports (for 2005 & 2006) of which they are very proud.

Team Xpress Racing ranks among the most recognized race teams on the island and has already began making a name for itself with several class and overall wins and top five places in events on the very competitive Jamaica Millennium Motoring Club (JMMC) and the Jamaica Race Driver's Club (JRDC) calendar. The hardest earned trophy being the one for Rally Barbados 2006.

Contributed: Rosemarie Jadusingh (Team Express Manager)

MBMC/JAGDYB/JMMC Dexterity #4 Results

We are also on the web at www.jamaicamotorsports.com and for our premiere event Rally Jamaica at www.rallyjamaica.com

Feel free to call the office for information on events and or any other membership related queries.

FAST FACTS:

ASN means National Sporting Authority.

In the mid 60's, the "Auto Owners Club" which was formed in 1957, merged with the "forces Motoring Club", an organization originally from the British Military, stationed overseas. This club was closely linked with the British based Royal Automobile Club (RAC), who in turn were affiliated with the Federation International de L'Automobile (FIA), the world's Governing Body for Motorsports.

The JMC was so renamed in 1970 as the local representative of the World Governing Body (FIA), governing all auto sports clubs in Jamaica.

The JMC quickly moved to obtain recognition by the FIA, which enabled them to host several International Rallies, attracting World Rally Championship (WRC) class drivers and machinery, with some events boasting as many as seventy entrants. The name of the Club has since been changed to the Jamaica Millenium Motoring Club effective March 2003.

Do you remember this car??
Have any idea who it belongs to now?
