Through team work all things are possible!!

JMMC OASIS Sprint#4 - Unda di lights!!

Maybe we will see this car there.....

.....and we won't see any tipping over the "watersplash"

The eagerly anticipated Jamaica Millennium Motoring Club's Sprint #4 originally scheduled for Saturday, August 11, 2007 at the Jam World Entertainment Complex in Portmore, St. Catherine was postponed due to inclement weather conditions.

The event is now scheduled to be held on Saturday September 8 to be a day/night event which gets underway at 4:00 in the afternoon.

This first sprint to run under lights in Jamaica, promises to be a very exciting event. The course is a 1.3 mile circuit consisting of a mixed surface - Chip and Spray Gravel, Compacted Marl, Dirt, and Sand - and is for the most part flat except for a "Watersplash" and a yump!

Competitors will be using JMMC Oasis Sprint #4 as a shakedown for the Raynor King Memorial Rally the following week.

KARTERS SCORE BIG IN CXC EXAMINATIONS

Jamaica Karting Association
Creating world class drivers

Justine Jackson

The JKA is very proud of our drivers who all scored big at this year's sitting of CXC exams, The JKA, each year, takes a break at exam time to allow drivers to prepare for exams without the distraction of racing.

The JKA in a short statement said that Karting helped to motivate and focus drivers which translate into better performance on the track and with the books, "Our drivers have always performed very well in their exams despite a heavy racing schedule of 10 race meets per year and several weekends of practice. The training, and discipline involved in the sport usually gets translated into better focus on school work".

Pole position was taken by Justine Jackson who took the checkered flag with the blistering speed of 8 passes, 7 with distinction (grade1), followed by, Sean Moore, Ornella Leahong, Sean Jackson, Timothy Stewart, Mark Myers, and Brian Rhoden who all crossed the line with 7 passes and up to 3 distinctions.

The JMMC joins the JKA in Congratulating all their drivers— we are very proud of you, keep the checkered flag flying high, very high.

JRDC Independence Race Meet

The Independence Meet at Dover Raceway was everything a motor racing fan could ask for. The rains came early and went, leaving an afternoon full of dry racing. Many different drivers mounted the podium, as close competition was the order of the day, as all the main contenders tasted victory throughout the day.

Thomas Hall in a yellow Toyota Turbo Starlet was the first to taste victory, as although David Summerbell and Guy Fraser crossed the line ahead of him in the IP29 class, they broke out of class and were demoted to 2nd and 3rd place respectively, Summerbell breaking out by a greater margin and suffering the greater penalty. Fraser was the only finisher in the second IP29 race.

The IP35 category, female competitor Lisa Bowman-Lee bested the competition in her Honda Integra under damp conditions to place ahead of Gary Barrett from the Cayman Islands in a Honda Civic and Heath Causwell in a Mitsubishi Mirage RS. Lee was to back this up with another win in the 2nd IP race of the day, with Sebastian Rae finishing second there and Barrett 3rd.

Defending IP39 champion Rohan Clarke won in the first race and placed 2nd in Race 2. Ian Edwards was 2nd in a Ford Laser and Julian Gordon in a VW Golf 3rd. Duane Rowe turned the tables on Clarke in the second race as he won ahead of him with Noel Golding Snr. placing 3rd.

Matthew Gore took center stage as he led the field from start to finish in the first MP3 race, 2nd was David Summerbell and 3rd Douglas Gore, Matthew repeated the result in race 2, to Peter Rae 2nd in a Mazda RX7.

In MP2, Danny Bowla led Richard Martin and Heath Causwell across the line and was to back it up with a 1st in class and second overall in the 2nd race of the day, as his BMW M3 was really delivering on being the ultimate driving machine.

Don Gilbert in the Tropical Battery sponsored Suzuki Swift went home with a first and a second place trophies for his efforts in the MP1 class, as he won in race 1 and finished second to Duane Rowe in race 2. Gary Barrett added to his trophy tally for the meet with a 3rd in race 2, while it was Noel Golding Snr. and Duane Rowe who finished 2nd and 3rd in race 1.

Brian "Subby Dude" Foster did the double in the IP45 category in his blue Subaru Impreza as he dutifully stayed within the required time index of no less than 1 minute 45 seconds per lap in the streetcar category, Robert Davis (Honda Civic) and Garth Chin (VW Passatt Station wagon) were 2nd and 3rd in race 1 while first timer Kayde Walker in a 4 door Honda Civic sedan and Warren Walford in a Suzuki Swift were the other podium finishers in race 2.
