The National Court of Appeal
JMMC

Dear Sirs/Madams,

In almost everyone's life there is an action they deeply regret. On the 24th June 2018 my behaviour brought the motorsport fraternity into dishonour and by extension brought dishonour on my country, family and myself. I am truly sorry for this dishonourable and disrespectful behaviour and recognise that such behaviour must be punished accordingly. While I am willing to accept such punishment I am concerned that subsection 153 of the FIA internal sport code was wrongly applied. I am concerned that several of these penalties have been applied to me. Again I state unequivocally that I am willing to accept my punishment but I ask that the rules be applied as intended by the framers. Again my interpretation of the rules may be wrong but thanks for considering my appeal and I end with a quote from King David as recorded in Psalm 51 " I have sinned....so you are right in judging me...you are justified in condemning me (vs 4)...Be merciful to me (vs 1)". Please get back to me As soon as possible..

Yours respectfully,

Douglas Gore

Regards
Doug Gore
