Mr Craig Lue

Re: JMMC Competition Subcommittee hearing additional findings from investigation of complaint received for event Jamaica Karting Association Meet #2 on May 5, 2019 JMMC Permit #2019-06K.

Dear Mr Lue,

The JMMC Competition Subcommittee (CS) conducted a review of a new element relevant to your complaint. A copy of the Additional Finding Report is attached for your reference, and is summarized as follows. Changes to existing ordered Penalties and actions are highlighted in **bold text**.

- The karts within the Top 3 which failed carburettor float level inspection for Final 1 of the Micro, Mini and Junior classes be so noted on official documents.
- The official results be amended to reflect the inspection failure of the karts within the Top 3 which failed carburettor float level inspection for Final 1 of the Micro, Mini and Junior classes.
- The positions of the karts within the Top 3 which failed carburettor float level inspection for Final 1 of the Micro, Mini and Junior classes be vacated.
- Withdrawal of Final 1 points **and other awards** for all competitors who failed Technical Inspection in Final 1 of the Micro, Mini and Junior classes.
- **All other karts are to be "moved up" to fill finishing spots vacated by the karts which failed technical inspection.**
- JKA to adjust all relevant championship scoring accordingly.
- **JKA to allocate all relevant prizes and awards accordingly.**
- Reprimand of Mr Nicholas Donald for failure to properly communicate official information (inspection failure) to the Clerk of the Course or Stewards.
- Reprimand of the JKA for failure to comply with the JMMC's request for the Technical Inspection report, although it was in their possession.
- In all future events where karts are tested for technical compliance, at least the Top 6 finishers of each race be tested so as to avoid the question of unknown legality of potential podium finishers should results need to be adjusted after Protest or similar action.

We trust this settles the matter of your complaint. If you require any additional information or clarification please do not hesitate to contact the JMMC.

Regards,

Stephen Gunter
