Re: Rally rule clarification

Dear Mr. Matton,

Your colleague Mr. Peter Bayer, Secretary General for Sport, suggested that I contact you regarding additional information related to a query he has provided an answer for.

I wrote Mr. Bayer last week in regard to a competitor "cutting" a stage during Rally Jamaica 2018, held on December 1 & 2, 2018. The letter to Mr. Bayer, and his subsequent reply which included a Stewards Decision, are attached for your reference.

Mr. Bayer has quite clearly answered my initial questions, including citing the relevant Article. However, I seek further clarity and would sincerely appreciate your guidance with the following queries.

1. What constitutes an allowable "cut" of a stage corner? This question is asked because of a reference within the Stewards Decision to a "big cut" which Driver Mr. Meeks indicated was his intention as was the case in previous years.
2. Is there a guide for the amount of "cut" that is allowed on a stage corner? E.g. Two wheels off, four wheels off, car width off?

I seek clarification as I would like to be able to provide information of clear definition of what is, and is not allowed.

Your assistance in this matter is greatly appreciated.

Regards,

Stephen Gunter
